

Benefits Of The Platinum Maintenance Club

- Save \$\$ on energy bill
- Maximize efficiency & performance
- Help prevent unexpected failures
- Make sure your furnace is safe
- Improve Air Quality
- · Maintain your Warranty

PLATINUM MAINTENANCE CLUB

Manufacturer's of furnaces and air conditioners require their equipment to be maintenanced every year to maintain your warranty. At SAMS Heating & A/C we have combined a safety inspection, clean and check, and "performance tune-up" into one complete maintenance program. Having your furnace and air conditioner maintained by us will ensure that you get the most out of your equipment's efficiency, reliability, and warranty. A proper maintenance will prevent many of the most common equipment failures such as a clogged filter, low freon, and poor performance, just to name a few. We also prevent and find possible safety issues such as carbon monoxide poisoning and electrical failures.

With this agreement you will receive the highest quality maintenance in the area, special pricing, priority scheduling, and a 15% discount should you need any additional services throughout the year.

This contract is good for one year. Please fill in your personal information, sign, date, and mail this agreement with your payment to the address listed above. As our company is always striving to provide our customers with the highest quality along with low prices, we do perform the cleaning in our "low" time of each season. We will call you in the spring/summer to schedule your air conditioner cleaning and/or in the fall/winter to schedule your furnace cleaning. You are welcome to call us anytime to schedule your **PMC** visit.

Please Note: All your information is strictly confidential.
